E

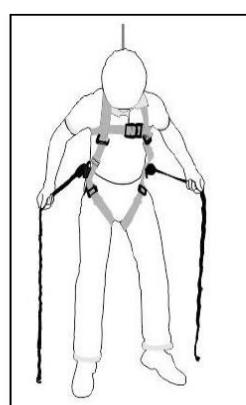

**Evita los efectos del trauma de suspension con el uso de IRUDEK suspension trauma.**

- Extremadamente efectivo: especialmente diseñado para ayudar a aliviar los efectos negativos del trauma de suspensión.
- Compacto y ligero. No afecta a la actividad de los usuarios durante el trabajo.
- Permite al trabajador suspendido a permanecer de pie sobre su arnés para aliviar la presión.
- Fácil de conectar al arnés a través de la hebilla textil y velcro provistos.
- Fácil instalación y utilización.

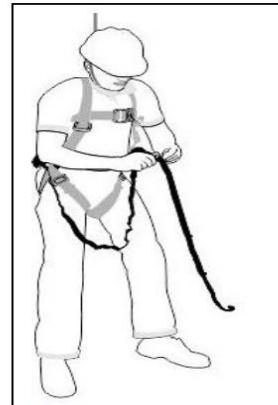

**PASOS A SEGUIR PARA SU UTILIZACIÓN**

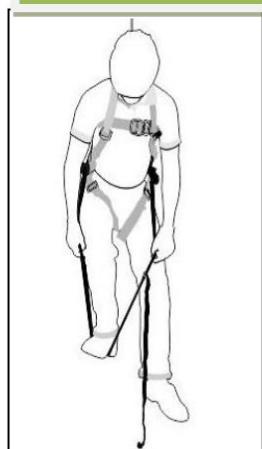

Abrir la cremallera de las bolsas instaladas a ambos lados del arnés y desplegar las correas.

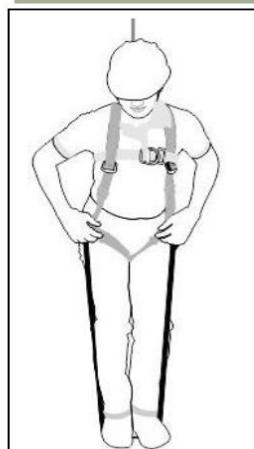

Juntar las 2 correas.

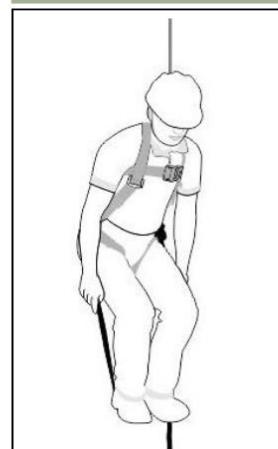

Conectar las 2 correas entre sí, con la ayuda de la hebilla.

Colocar los pies sobre la hebilla.

Levantarse sobre la hebilla, a fin de aliviar la presión de las cintas del arnés.

Ajustar la cinta pélvica para reducir la presión y poder permanecer en una postura de asiento.

GB

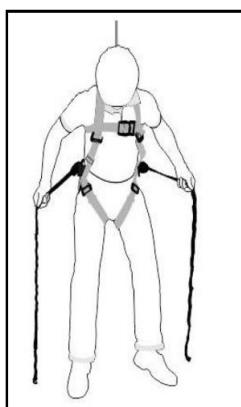

**Avoid the effects of suspension trauma with the use of the IRUDEK suspension trauma.**

- Extremely effective : specially designed to help relieve the negative effects of Suspension Trauma.
- Compact and Light-weight. Does not hamper the activity of worker while at work.
- Allows the suspended worker to stand up in his harness to relieve pressure.
- Easy to attach to the Harness with the help of the textile loop and velcro provided.
- Easy installation and use.

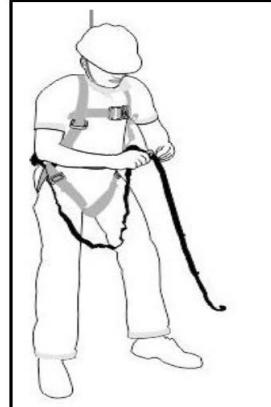

**STEPS TO FOLLOW FOR THE USE**

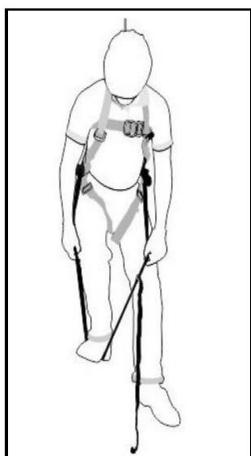

Un-zip the pouches fitted on both sides of the Harness.

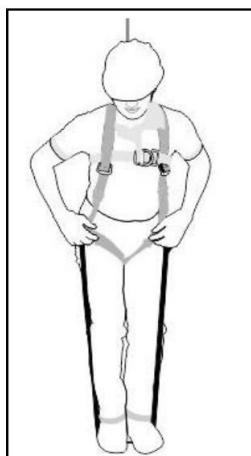

Hold the 2 straps together.

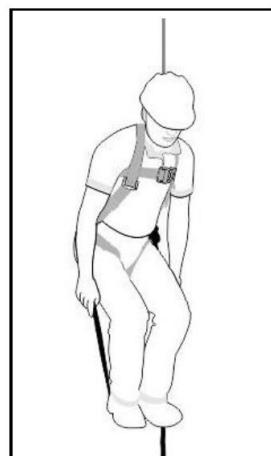

Connect the straps with each other making a loop with the help of the buckle.

Put your feet into the loop.

Stand onto the loop, so as to relieve the pressure of the harness webbing.

Adjust the sit strap towards the front to release pressure and give a seat-posture.
